There was a fine potay named Stein who on the pictures made us line she did her job well and worked well and won many hearts as she did mine. Best wishes, Miss Shaw

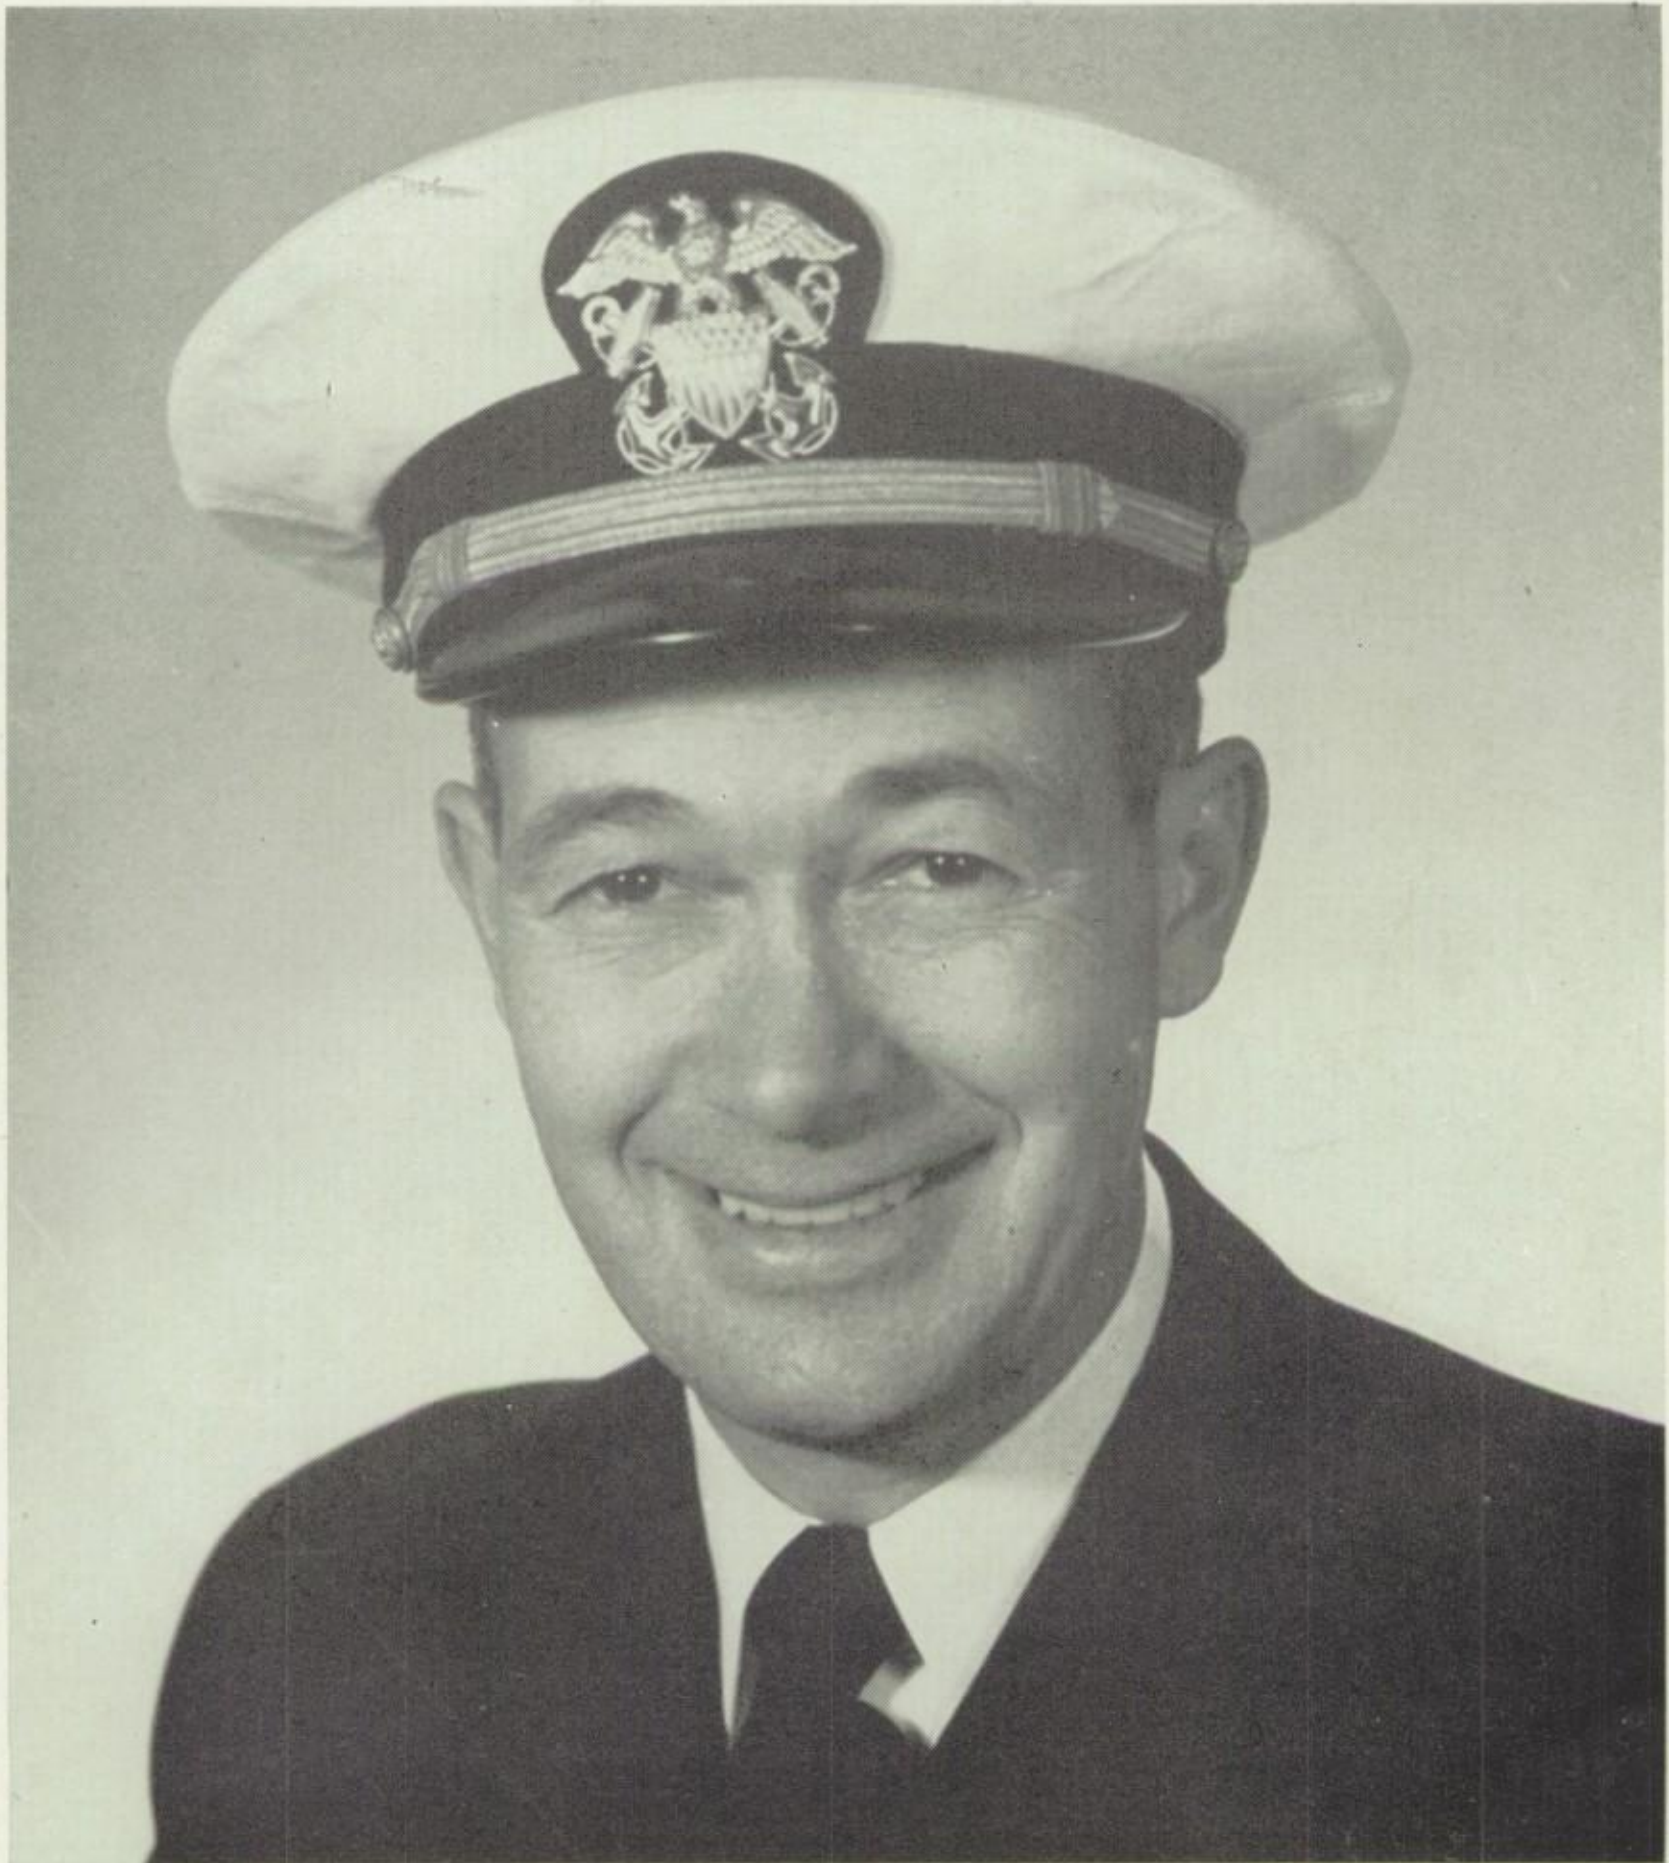

A toast of appreciation to **Miss Margaret Shaw!** Two years ago, she suddenly found herself alone with a class of energetic, eager sophomores. Up until then, her job as counselor had been shared with Mr. Glen Wirt. Quite unexpectedly, she became responsible for each and every one of those fabulous members of the Class of 1952.

This was quite a responsibility; but like the thoroughgoing person that she is, Miss Shaw carried our class forward magnificently.

Each year, we elected our officers, held our dances, and collected our dues. It all went smoothly, due mostly to her untiring supervision and wonderful understanding of our problems. We are sure that she will be the first to testify that our senior year has been the most hectic year since the long-ago days when we were seventh graders.

Because she has been such a truly splendid counselor, we have survived as a class; and we take this opportunity to say, now, from our hearts: Thank you, Miss Shaw, for being such a grand person!

DEDICATION

"All it takes is a little hard work!" How well most of us remember this old saying, because, not too long ago there was a man at Kearny who practiced this "preaching." Remember him?

-Of course we do! Could we ever forget our old friend and counselor, **Mr. Glen Wirt?** He had a philosophy for everything—particularly for the Class of 1952—and that was: "Work and more work makes for a better youth of today."

Through him and Miss Shaw, the carefree seventh graders became somewhat sobered eighth graders, interested ninth graders, and developed into what soon became known as the most outstanding sophomore class in the history of Kearny!

This early training accounts for the dependability and resourcefulness of the seniors, this year.

When it came to dedicating the 1952 annual, we remembered Mr. Wirt and his interest in us that helped us during many agonizing moments when we were so young and "green."

We have only one regret now, and that is: We wish you were still with us, Mr. Wirt!

Edward C. Taylor

SPECIAL RECOGNITION

Mr. Edward C. Taylor, beloved principal of Kearny Junior Senior High School since the first days of its inception, has worked tirelessly for the improvement of our school.

September 1941 first found him at the controls. Less than a fourth of its present size, our school was housed in the individual dwellings of Linda Vista. Kindliness of manner has earmarked him as a friend of the students, a man with a genial personality. Overcoming innumerable problems and difficulties, Mr. Taylor has proved himself equal to the tremendous challenge offered by a new and growing school.

Lines borrowed from one of our school songs fits perfectly our beloved principal, "Through all the years of smiles and tears, you've always stood the test."

In gratitude for all that you have done for us, Mr. Taylor, we say from the bottom of our hearts: We, the graduating class of 1952, are proud to be "graduating" with you.

Every school has its principal, but Kearny has Mr. Taylor.

MISS SMITH

Train your camera on a certain office door, knock gently, and Miss Delight Smith will invite you in.

She is our Vice-Principal and Girls' Dean. As "extracurricular" activities, she sponsors the Dianas and the Kearny Girls' League.

Energetic—truly a "delight"—and so capable!

Boys

MR. DAVIES

This is our Vice-Principal and Boys' Dean; you can tell that he is one of the most cheerful people alive! Always wearing a big, happy smile, he pitches right into his job of keeping our boys on the straight and narrow road to graduation.

That's our man, Mr. Davies!

Busiest man on the campus is **Don Lindahl**, our A.S.B. President. Always efficient and always busy, Don guides the student body with a firm hand. If you think his main job is to lead flag salutes, you're wrong. Don works as an ex officio member of all A.S.B. Commissions, which means he has helped with the planning of the excellent dances and assemblies we've had in 1952. He is also the boy who represents us at other San Diego High Schools. He's a grand person and we knew it when we voted for him.

Miss Smith's right-hand girl is **Palma Cipriano**, Girls-League President and Commissioner of Girls-Activities. Being head of the largest club in Kearny has kept Palma busy all through her senior year. She is a whiz at planning dances and those monthly K.D.K. assemblies we all liked so well. Palma took her office seriously, working with each member of the K.D.K. just to be sure she knew her duties. Palma graduates this year, but she won't be forgotten at Kearny.

THE STARS

WHO'S

Take one tall, blue-eyed blonde girl, add vim and vitality, a touch of laughter, mix well with a sparkling personality . . . and you have **Dolly Berglund**. Outstanding in the senior class, she has belonged to almost every club in the book. Predominant among her activities are Editor-in-Chief of the 1952 Komet, her life membership in the CSF and Hi-Debber Board of Directors. Ordinarily, this would keep any girl busy, but Dolly can also be seen at Football games as a vibrant songleader. Then, too, she has been in Drama Club plays and has acquired the reputation of being quite an actress. With this record, who but Dolly would be chosen for both Girls' State Representative and the D.A.R. Scholarship?

"Good things come in small packages!" This could certainly be applied to **Jackie Cathcart**, one of the most active girls on our campus. Always bubbling over with energy and good will, she acted as CSF President, Editor-in-Chief of the Quill and Scroll, and Girls' League Secretary. Besides all this she held down a membership in the Dianas, a senior honorary service club, and worked enthusiastically on the A.S.B. Council. She's talented, too. Known for her excellent ability to play the violin, she has given recitals for many school activities. Considering her assets, it's not surprising to learn that small, blue-eyed Jackie has a knack for collecting honors and scholarships. Her smile proclaims to the world that she is everyone's friend.

At Kearny, there is a girl everyone knows and loves. Noted for friendliness, she has that "something" about her that is immediately recognized as what is termed personality. The first thing one notices is her eyes. Brown, and full of laughter, they seem to say "Hello!" before her voice does. She's also known for being an outstanding student in the school. Among her numerous activities are included Girls' League President, Commissioner of Girls' Activities on the A.S.B. Council, Lieutenant of the Pompon Corps, and her membership in the Dianas. Have you guessed her name by now? Undoubtedly, because everyone knows **Palma Cipriano**, who has spark and spunk aplenty!

Cute and peppy is **Barbara Davis**, one of the liveliest little girls in the senior class! And she has good reason to be, since she has been leading Komet yells at football and basketball games for the past two years as our energetic Head Cheerleader. Barbara is equally outstanding in her club activities . . . Sphinx, Horizon Club, Ko-eds, and Kappa Deb Kouncil, to mention a few. After witnessing her bubbly personality, Walker's Department store chose her to represent Kearny on their Hi-Debber Council. Remember her in "Meet Me in St. Louis"? This was just one of the many hit plays in which she starred. Then, too, she was Director of the Senior Class Play. This adds up to a very satisfactory record. But there is one more reason why Kearny students will remember Barbara. She had a special smile and a happy "Hi-ya!" for everyone she met.

Pretty and popular is **Jeanne Hamlin**, our own version of what a singer should look and sound like! Her fabulous song interpretations have entertained Kearnyites for years at dances, assemblies, in operettas and talent shows. And she is known, too, for her performance in Drama Club plays. Now try this for size! Besides possessing such enviable gifts as these, she is active in a variety of Kearny organizations. Being Y-Teens President, a member of the Dianas, CSF, Latin Club, and Hi-Debber Board of Directors didn't phase her. Jeanne worked diligently on the A.S.B. Council, and everyone knows of her enthusiasm for the Choir activities. If such an honor were presented, there is no doubt that Jeanne would win a trophy inscribed . . . "Has Personality-Plus!"

WHO?

'Considerate,' 'capable,' and 'competent' might have been added to the English vocabulary in honor of **Dick Bates**, for they fit his personality perfectly. And he's also one of the most likeable people anyone could wish to meet. At K.H.S. he made quite a name for himself on the football gridiron, the basketball court, and the baseball field. He was particularly good in baseball and became known for his home runs at the crucial moment. Dick was chosen a member of the Kledia, an honorary boys' club in the senior class, for his fine scholarship record. Also a member of the Latin and Bible Clubs, Dick has been partly responsible for several unusual movies presented through the years on the subject of God and Mankind. Everyone will agree he's a terrific guy, never to be forgotten.

Dick Bates

Known to almost everyone as "Eggeth," this quick-quip guy is a welcome sight wherever he goes! With his famous smile always in evidence, **Bill Eggert** conducts a class meeting or a discussion in the Student Government Class equally well. Dance-happy, he can be seen at almost every social affair having a grand time. His popularity has been proved many times, as he has been chosen King, by popular vote, of several school dances. Then, too, he was elected president of both the junior and senior classes and was ninth grade treasurer. Other activities included the Hi-Y and Lynx. Bill is one reason why the senior class is so outstanding this year. As Prexy, his leadership has been terrific. Hats off to a super-fine guy!

Bill Eggert

Quiet and reserved, but unusually talented, is **Roy Howell**, a man of distinction. He has distinguished himself in both Track and Cross Country, and is a four-year letterman. This enabled him to become a member of the Varsity Club. His scholarship states that he belonged to Kledia and is a life member of the CSF. Not satisfied with just this, he showed an active interest in the Hi-Y and Latin Club. These activities should keep anyone busy, but his classmates elected him vice-president of the junior class, too. Roy was also Business Manager of the Komet. He may be quiet, but he is an all-American guy when it comes to dancing or other social activities. But the more serious side of his nature urges him to work hard toward his goal of being a doctor, knowing him, one feels sure he will reach it easily.

Meet **Don Lindahl**, an outstanding personality at Kearny. Friendliness is second nature to him, and keeping busy is his favorite pastime . . . for Don is our very competent A.S. B. President. Acting as an ex-officio member of every school organization, he has helped to bring a feeling of unity among them. He has had ample training for his job as he was chairman of the Jr. Coke Committee, Latin Club Secretary, our C.A.S.C. Representative, and a life member of the CSF. Is it any wonder that Don has been such a president?

Good-looking and hard-working **Jack Osborn** has rapidly become one of San Diego's outstanding personalities in the City Prep League. This success results from his sensational baseball ability on the mound. Attracting the attention of every sportswriter, he has been almost a one-man threat against the Komet opponents. But baseball wasn't his only sport, Basketball found him in the limelight just as often. With this record, it is only natural that he was elected Commissioner of Boys' Athletics. Then, just to keep him further occupied, he was an active member of the Hi-Y and Kledia. He also gave much of his time to the A.S.B. Council, working for the betterment of sports in our school. An all-around guy, "Ozzie" is sure of friends wherever he goes!

Who's Who was selected on the basis of good citizenship, scholarship and service to the school.

BEST OF EVERYTHING TO
A HARD-WORKING GAT WHO
S BOUND TO BE A SUCCESS

The sound stage is dim and silent. Cameras are suspended in an attitude of waiting. Workmen are non-existent. Why the desertion? It's because the members of the senior class of 1952 at Kearny High School are saying goodbye. Only a short time ago, boys and girls could be seen having a terrific time on Senior Ditch Day, happily dancing at the Senior Prom, feeling gay at the Senior Breakfast, looking a bit serious and thoughtful at Baccalaureate, and a little sad on Graduation Night.

Since the days when we were all innocent seventh graders, the class of 1952 has always shared the lime-light in school affairs. Under the guiding hands of **Mr. Glen Wirt** and **Miss Margaret Shaw**, up until the tenth grade, our class had a good start toward the sensational group of troupers that became the stars of the show in '52.

Then, after Mr. Wirt left to serve in the Navy, **Miss Stitt** became our class advisor, and was immeasurably helpful with our caps and gowns, cards and announcements. And, like every class, we have our favorite teacher. Without a doubt, **Mr. Fierro** won that title from us!

Remember the great dances we used to present? You could always depend on the Top Performers for originality and quick thinking. Our Senior Play was proof of that. Refreshingly different, it scored 100% on the Hit Parade of Hits.

Of course, we had outstanding officers who contributed much toward the successes we achieved. Leading us were **Billy Eggert**, as President, **Danny Baker**, Vice-President, **Marvel Bratcher**, Secretary, and **Joan Marsh**, Treasurer. With these \$1,000-a-week stars, is it any wonder that our class will always be remembered as having the largest number of unusually talented seniors among them?

Before we leave, the spotlight will once again be focusing on us. This final moment will be the night we walk forward, one by one, and receive our diplomas from **Mr. Taylor**, our principal. This is the moment every senior lives for, yet when the time actually arrives, he inevitably finds it sad. Thoughts of his past high school years drift hazily through his mind as he again takes his seat among his classmates, this for the last time.

But, after we are gone, we feel certain that not for a long time will the undergraduates forget the senior class of 1952!

Conscientious **Richard Aguilar**. "A little on the quieter side!" He finds Criminology a major interest along with his membership in the Kledia and Spanish Club.

The 1951 season as a whole was a very thrilling season for the Komets. In the Carnival the Komets looked very good as they rolled over the Helix Highlanders the West! The next game, with gun finding the two teams dead-La Jolla game the Komets lost seven injuries a further detriment to what proved they were made of fighting material as the Pointer crew who last year smothered the Komets 37-7 this year only managed to sneak into a 7-0 victory. And so it went, game after game, always playing hard ball, but always just managing to lose. Then, at last playing a team of their own caliber, the Komets derailed the Helix express to the tune of 19-12, bringing to close a season filled with tears and cheers; but for some reason there seemed to be more cheers than usual.

7-0 with what proved to be the winning margin for Escondido, was a nip and tuck affair with the final locked 12-12. Between this game and the following men to injuries. Needless to say they found these seemed to be an already futile cause. But the Komets

proved they were made of fighting material as the Pointer crew who last year smothered the Komets 37-7 this year only managed to sneak into a 7-0 victory. And so it went, game after game, always playing hard ball, but always just managing to lose. Then, at last playing a team of their own caliber, the Komets derailed the Helix express to the tune of 19-12, bringing to close a season filled with tears and cheers; but for some reason there seemed to be more cheers than usual.

A bitter defeat at the hands of a very business-like Jewel City crew was suffered tonight by an uninspired Komet football team. As this was the first game of the 1951 season, the Vikings lost no time in making it known that they were a definite threat to the city league championship. Dick Greenfield and Frank Revis were the big guns for La Jolla, with Greenfield scoring two, and Revis scoring one T.D. The final score: Vikings 27, Komets 0. Howard Kilborne and Dick Gilliland were stand-out linemen for the Komets, and Kirby Wood and Forrest Letzring were very prominent in the backfield. Out for the rest of the season, due to injuries suffered in this hard-fought game, were Jim Daugherty, fullback; Bud Stipp, halfback; and Ollie Harris, fullback.

Grossmont's Foothillers led by ex-Kearnyites, Ray and Don Le Compte, edged out a tight victory over a spirited Komet crew. Undoubtedly, the star of the game was defensive safety, Jay Barnett. Time after time, he brought down Grossmont backs who were T.D. bound. Also playing fine defensive ball were Bill Lightfoot and Danny Baker. The first Komet touchdown was made by Joe McNamara. In the last half a Wood-to-Shaw pass clicked for forty yards and a T.D. The defensive line in particular should be given plenty of credit for staying the powerful plunges of the hard-running Grossmont backs. Making consistent gains were Forrest Letzring and Fritz Hamlin. Throughout the whole game the team never let down nor lost courage. The final score was a true picture of the hard-fought game; it was Grossmont 19, Kearny 12.

An underdog Komet eleven rose to the occasion, and, playing the best football a Kearny team has played in a long time, held the powerful Pointers from Point Loma to a one-touchdown margin. The very first time they had the ball, they drove to the Pointer nine-yard line, only to have their attack bog down. The Pointers took over and a fifty-eight-yard run, and an extra point put them ahead, 7-0. The Komets were in scoring position two more times but couldn't get the ball over for the T.D. A story-book finish was almost made when in the last few seconds of play a Kirby Wood pass to Gordon Stolzoff clicked to the Pointer twenty-yard line; there it was lateralled to Fred Hamlin, who ran it to the ten, only to have the gun end the ball game.

Kirby Wood, the sensational quarterback of the Komets, put on an aerial circus, with the help of another very sensational boy, Sol Shaw, who performed the amazing feat of catching seven-out-of-nine passes against the San Diego Cavemen. The score at the half was San Diego 6, Kearny 0; but the half ended with the Komets on the one-yard line. Four times the Komets were inside the Cavemen's five-yard line, only to have the San Diego line stiffen and hold. Joe McNamara unreeled a beneficial forty-five-yard run to the Cavemen's one-yard line, and Sol Shaw caught a pass and ran about forty yards to the San Diego five. On both of these runs, the Komets failed to score. Frank Johnson and Alex Hudson, San Diego speedsters, made two touchdowns each, to make the final score 27-0.

One of the toughest outfits in the City League tonight was only able to edge out a 27 to 19 victory over a very scrappy Komet crew. Quarterback Kirby Wood was a one-man gang against the Hoover Cardinals. He bootlegged one over for a T.D. and set up another with a twenty-seven-yard scamper to the Card three-yard line, where McNamara took it over. Wood's signal calling was superb, and his passing was par excellent. The second score came on a seven-yard gallop by Joe McNamara, the first of two for the evening. In the line, defensive line backer, Phil Butcher, and end, Danny Baker, were outstanding. Hoover's passing attack was the main thorn in the Komets' side, but defensive halfbacks, Jerry Scherkenback and Dick Bates, did a commendable job of stopping most of the Card aerials.

LOOK MA! WE WON

Kearny High, the usual underdog of the City League, went into the Football Carnival a slight favorite—and proved they were a real threat this year by beating Helix, 7 to 0.

A very well-polished two-platoon system seemed to be what the Komets lacked all these years. The touchdown came after a seventy-three-yard run by quarterback Kirby Wood, who was caught from behind on the Helix three-yard line. Joe McNamara plunged it over for the six points with Jay Barnett adding the extra point with a perfect placement.

Outstanding on defense were Phil Butcher, Richard Gilliland, and Bud Bartholomew. The blocking of Pete Jungers and Bill Allen was also very sharp.

HEY, MA! WE DID IT AGAIN

Helix High was the victim of a very determined Komets onslaught, in our last league game, to the tune of 19 to 12. Since it was the last game of the '51 season, Coach Hal started an all-senior eleven. The first time the Komets got their hands on the ball, Jay Barnett, playing the fullback slot, did some very beautiful running and brought the ball to the Helix two-yard line where McNamara sneaked it over for a T.D. This contest was very hard fought from start to finish, with Hamlin, McNamara, and Bates scoring for the Komets.

The following were playing their last game for their Alma Mater and really went all out and played a bang-up game: BARTHOLOMEW, BATES, BARNETT, BLASIUS, DUNCAN, DUFRESNE, FREEMAN, HAMLIN, INGHAM, JUNGERS, KILBURN, McNAMARA, MORRIS, ROSS.

Songleaders—Who makes Kearny sing? It's the girls behind the pompons, our songleaders of course. Their velveteen uniforms and white moccasins were a familiar sight at football games and basketball games. Songleader is a much-sought-after office, and we know these girls were as proud to be songleaders as we were to have them. 1952 songleaders were **left to right**, Head Songleader, Kitty Power; Annetta Tweed, Dolly Berglund, and Joan Marsh.

Cheerleaders—"Is everybody happy?" Well, the cheerleaders certainly are. They really yell when Kearny is winning; and when we're on the downgrade, they don't lose a bit of spirit: They go wild! The one thing that makes a good cheerleader is her ability to make the spectators cheer. From the sound of our Pep Club, we had the best Cheerleaders in San Diego. This season was filled with spirit. It was our cheerleaders who helped us keep up that high morale. They were always there, ready to give us one of their "pep-plus" routines. The girls who led our cheers this year were seniors, **left to right**, Pat Collins Marlene Gilbert, Gloria Geck, and Head Cheerleader Barbara Davis.

Pompon Corps

Barbara Fulkersin leads nineteen "fair maidens" of Kearny in the Pompon Corps. Their maroon-and-white uniforms, with rows of fur trim, were in evidence at every game during the football season, doing the kind of routines which make every girl wish she were in the corps. They moved down the field with every pompon swaying in unison and every foot on the beat of the Band music or of the Drum Corps cadence. **Palma Cipriano** strutted alongside, as Pompon Corps Lieutenant, while **Betty Jo Knight** and **Diane Clark**, Sergeants, marched at the head of this graceful Kearny Drill Unit. When the Pompon Corps

Flag Twirlers—A flurry of maroon-and-white satin heralds the entrance of the Komet Flag Twirlers. Headed by **Jane Wilson**, a junior, who has been a flag twirler for two years, now, they are: **Loneta Sullivan**, **Pat Cooper**, **Nancy Daugherty**, and **Shirley Dodds**. These girls belong to the Class of 1952. The flag twirlers were best known for their uniforms; these were, without a doubt, the most outstanding outfits on the Komet scene. They consisted of a coat with tails; shorts with cuffs; and, to top it off, a high silk hat! The coat lapels and the short cuffs were criss-crossed with sequins. Jane had the same uniform, but hers was opposite in color from the corps members.

was established, four years ago, they wore white sweaters and maroon skirts; they used routines from other schools. They have come a long way, since then. They wear the smartest Pompon Corps uniform in all San Diego—just as all our drill units excel in uniform design. Their routines have been worked out, through the years, by their own leaders and corps members. They have added pep, color, and beauty to our half-time entertainment and have found a way for the girls themselves to feel that they too have an important part to play at Kearny.

Majorette Corps—"One, two, and kick, and turn!" and another snappy routine is executed by the Majorette Corps. Strictly elite, the Majorette Corps has seven members who boast of quality rather than quantity. Their quality is manifest in the uniforms they wear, the batons twirling in perfect unison, and the smart routines they always do. Don't forget the snappy way they strut, either. **Shirley Bloodgood** fills the high-stepping boots of Major of the Majorette Corps, while Thelma Lawson marches at the side in the rank of Lieutenant. Both officers are juniors, this year.

Band—Trumpets blare; trombones toot; and of course there are always drums, when the Band goes marching by. Directed by **Mr. Kaupp**, and led by Sheila Kenny, they did a drill and song at every game. The band had a hard time getting started this year because of the many new recruits. In no time at all, they proved themselves worthy band members in new uniforms the Band stepped out, high and proud, at the opening kickoff of the year, the Football Carnival; they held that bearing until the final whistle of the last game.

Band Major—A new majorette position was created this year: Band Major. The Band Major calls the Band Drills and is, in general, responsible for its marching. **Sheila Kenny**, a junior, stepped up to take this important post. She did a noteworthy job in shaping new recruits and old members into a snappy marching unit. And what is more, Sheila looked good out there in front of the band! Li'l Stevie thinks that creating a Band Major was a good idea and that making Sheila Kenny Band Major was an even better one.

Pep Band—"Pep Band" they call themselves, and it's a good name for them. They have really added life to our songs, and Allen Wren has often obliged with really "gone" drum solos. The Pep Band has played at all pep rallies, most assemblies, and all games. Their help to cheerleaders and songleaders was priceless. Members of the Pep Band are Keith Bishop, Paul Rushing, Paul Oxley, Walt Butcher, Allen Wren, Ronnie Webb, and John Ronayne. We'll see you at the games next year, we hope!

Queen of Hi-Y Prom—Maureen Canavan, lovely Queen of the Hi-Y Prom. Maureen is a blond senior of 1952 who really rates with Li'l Stevie. Her escort, alumnus John Rogers, was a mighty proud man with a queen on his arm. He is evidently one of those "gentlemen who prefer blondes." Another group of gentlemen who agree with him is the Hi-Y, who chose Maureen from a group of Kearny candidates as the Queen of the Hi-Y Prom. Hi-Y Prom—Music, soft lights, and holiday spirit blended into an atmosphere which produced a perfect evening at the annual Hi-Y Prom. **Ray Stride** and his Starlighters played smooth music as we came in suits and filmy flowing evening gowns. The setting for this jewel of a dance was the San Diego Women's Club. The 31 boys of the Hi-Y worked for many weeks before the great night to make sure everything ran smoothly. Their efforts paid off in a good time for all couples attending the Hi-Y Prom. After the ball was over, it was evident that the Hi-Y accomplished over another successful project.

King of A.S.B. Ball—"Well at last," the boys all sighed, "we won't be ruled by a woman." Of course, this remark referred to Kearny's first A.S.B. Ball. There wasn't a Queen; there was a **King** of the A.S.B. Ball. Who won the great honor? Why, **Danny Baker**, that popular senior. He chose Jean Holtman (who else?) to share his throne for the night as he presided over that elaborate affair, the A.S.B. Ball. Danny was elected by a vote of all couples attending the dance. Nominations for five candidates for king were made by the 10th, 11th, and 12th grades.

A.S.B. Ball—No, it's not paradise—just the nearest thing to it—the first annual A.S.B. Ball. Not only was it a **first** in A.S.B. Balls; it was another important **first**; the first Kearny dance to be reigned over by only a King! Mark one up for the men. Jean Holtman was the lucky lady to be escorted by the king, Danny Baker. Jean, vice-president of the A.S.B., receives the credit for planning this dance. Planning is the basis of any good dance, and no one knows it better than Jean. The entertainment was supplied by the Navy, no less—really super, we hear. Held in the Terrace Room of the Hotel Manor, Komet men and their dates danced on a circular floor to the dreamy dance music of Hal Allen. Kearny's first A.S.B. Ball was a function which was talked about for weeks afterwards.

Operetta—Every year the choir gives an operetta, and every year we like it more and more. Mr. Zalodeuk acts as director, with admirable patience and talent. The Chimes of Normandy won the choice as the operetta to be given this year. Every member of the Choir was in the chorus, while leads were carried by Bev Weitzel, Mike Meyers, Don Reirson, Mark Green, Richard Clark, Connie Hall, and Mary Rose Robinson. And don't forget the fine music by the Orchestra.

CSF Banquet—1952 saw Kearny a host at the annual all-city CSF Banquet. The banquet was held at the San Diego Women's Club, with Mayor John Butler as guest speaker. Honor guests from Kearny's chapter of the CSF were Mr. and Mrs. Edward C. Taylor, Mrs. Marjorie Johnson, Miss Miriam Menchaca, Miss Delight Smith, and Mr. and Mrs. Cleon Davis. Miss Trenfel, CSF sponsor, and her various committees did a commendable job in making the 1952 CSF banquet run smoothly.

Art Service—"Posters, notices, bulletins? You've come to the right class," chime our Art Service students, as they stand with paint brush poised. "Just name it," offers Mr. Clark with delight in his eyes as he thinks of more posters to make. Yes, they're really workers. Anyone would say "honest" to that, especially those Kearnyites who ran for offices and won because of the fine posters put out by the toil of these artists. Our sincere thanks to Art Service.

Sound Crew—Movies today! Another job for the ever-working sound crew, and are we glad to see them! These are the boys who keep the celluloid moving over the reels. Mr. Frazier is the faculty member of this well-organized and efficient service group. This is another of the practical training classes offered by Kearny High School. Learning by movies brings joy into the hearts of overworked students.

Two female students are seated in the center, and another female student stands on the right. The background features a brick fireplace with a mantel holding a trophy and a framed picture of a building. Handwritten signatures in red and blue ink are overlaid on the photo.

Office Monitors—Practical training is gained by office monitors. While being a great help to secretaries, counselors, and deans, they gain experience which will be invaluable to them in the business world. This is only one of the practical training courses offered at Kearny. There are fifty-three members in this service organization.

I wish you all the luck & happiness in the world to a really swell gal. It has been very nice knowing you. Jackie & Mary Frances

Nurse Monitors—Work as you learn. The nursing experience is a useful one, whether or not you intend to make it a career. Home nursing is important to every housewife. Under the supervision of Mrs. Mayme Kaminen, R.N., these students help in the nurse's office every period. It is important that they understand the basic principle of health, and have patience. They do a good job; don't you think so?

This council was newly created this year for the purpose of governing the junior high. Officers and members of the Council are: Mary Bigler, President; Virginia Pearson, Vice-President; Norman Weitzel, Commissioner of Boys' Activities; Marie Press, Commissioner of Girls' Activities; Benard Stolzoff, Commissioner of Boys' Athletics; Carolyn Jones, Commissioner of Girls' Athletics; Mary Youngblood, Commissioner of Finance; Janice Bishop, Commissioner of Cultural Affairs; Miriam Jones, Clerk; and Judy Letzkus, Historian.

Student Government

Student Government is just what the name implies—a class for the students who govern us. They learn the rules of parliamentary procedure and of proper business conduct. Most important, they perform the duties of their respective jobs, during this class hour. Student Government is composed of all students serving as commissioners, the president and vice-president of A.S.B., and others who find they need such a course in their educational program. Mr. McNeil, recently returned from the Service, is in charge of the Student Government class. A change effective this year is a separate organization for the junior high, as they have recently set up their own council. Student Government is one of our American government classes, where students not only learn the laws and institutions by which our country is governed but where these students put into practice what they learn. This is truly the American way.

Senior High House of Representatives

Democracy goes on. The House of Representatives is led by Jean Holtman, Vice-President of the A.S.B. A representative from every senior high second period class meets with the House of Representatives to discuss current school problems. The object of the House of Representatives is to bring student government closer to the majority of the students. Organized last year, the House got its start and this year it is functioning as an integral part of Student Government.

Junior High House of Representatives

As the Junior High prepares for its separation from the Senior High, it becomes necessary that it have its own student government. A part of this government plan is the separate Junior High House of Representatives. This functions like the Senior High House, the representatives carrying suggestions and rules to their second period classes and bringing suggestions and gripes from second period to the House meetings. They have proved that a Junior High can have a part in governing itself.

Orchestra

Strings, woodwinds, basses and percussions blend into music under the baton of orchestra conductor Mr. Kaupp. He encourages his charges to careful practice because he knows "practice makes perfect." The biggest job the orchestra did this year was that of providing music for the **Chimes of Normandy**, the operetta given by Kearny's A Capella Choir. It took months of practice to perfect the music but the results were well worth it. Here's to you, musicians of Kearny.

Choir

Variety shows, a Spring Concert, Christmas Program, and singing for the community kept the A Capella Choir busy, from September to June. Mr. Zaloudek, director, is constantly on the run to keep pace with the many and varied activities of this versatile organization. It has been rumored that during busy seasons he puts in 23 hours a day. That extra hour? Well, a man has to eat! The Choir is a time-honored institution at Kearny, which has given Li'l Stevie many hours of enjoyment. Its popularity is proven by the fact that it has eighty-two active members. Choir pins are given on a point basis, points being gained by the activities participated in. The boy and girl with the highest number of points receives a choir trophy. The Choir is quite happy in its new home, Bungalow 14, where they have room to warble to their hearts' content. Around operetta time there is a mad whirl of rehearsals and stage settings. If you like excitement and would like to participate in Kearny's activities, join the A Capella Choir.

Mr. Zaloudek has moulded these voices together into competent choirs that will some day take their places in Kearny's A Capella Choir. Keep up the good work, seventh, eighth, and ninth grade choirs.

Barber shop favorites are sung by the Boys' Quartet. **Mike Matheson, Fred Cooper, Ed Rasp, and John Williams** blend voices in this group.

Gerry Dowell

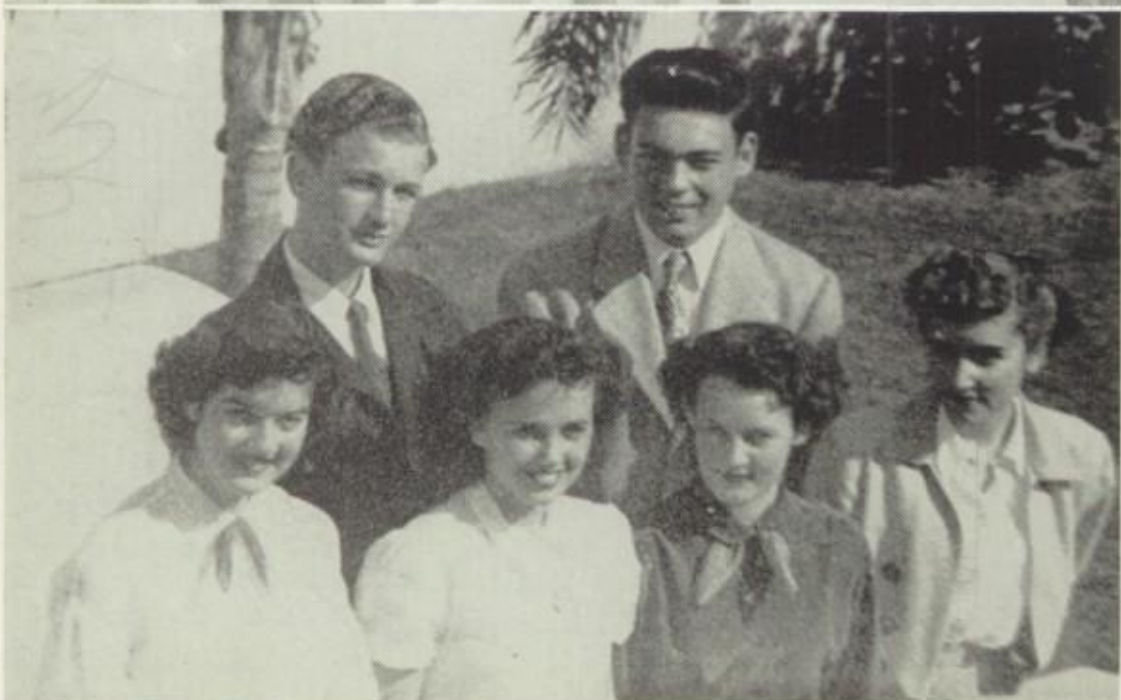

Girls' Glee Club

This singing group has long been in demand at Kearny although it was not actually organized until this year. Mrs. Phyllis Burns is director of the Girls' Glee Club, which also contains two other organizations, the Melodettes and the Choraliers. They walk around Kearny with a song in their hearts and sometimes on their lips. This has been a very active year for these twenty-six girls. Their lilting voices have entertained at assemblies, the Community Fair, and the Christmas Pageant.

Choraliers

Music is playing, voices are ascending the scale, as auditions begin for the Choraliers. Seven of Kearny's best voices make the Choraliers a good combination. Newly organized this year, the Choraliers have appeared on many programs, including school dances and assemblies, P.T.A. programs, and various others, the applause they receive after their splendid renditions is food for the musician's soul. Much of the credit for the Choraliers goes to Mrs. Burns, their director.

Melodettes

"Do—Re—Mi!" sounds like the Melodettes, and it is. Members of this exclusive organization are Joan Coleman, Sylvia Melton, Cleo Chapman, Lois Peterson, Shirley Phillips, Carolyn Orth and Rena Farris.

This group under the direction of Mrs. Burns, appeared at the Community Fair, the Christmas pageant, and various outside programs. Their busy schedule is indicative of their popularity. Membership in this elite choral group is earned by a good audition.

Office Staff

So you want to be a secretary. You should watch our own school secretaries at work. They handle everything from calls to the principal to issuing truant admit cards. You must realize what a tremendous job is done by our school office staff. Mrs. Annette Whitehead, Mrs. Helen Gatton, Mrs. Lorraine Smith, Mrs. Nancy Gathright, and Mrs. Sylvia Walker are our office staff.

P.T.A. Officers

Officers in the Parent-Teacher Association of Kearny High School are: Mrs. P. M. Patenaude, President; Mrs. L. F. Anderson, First Vice-President; Mrs. W. E. Hauskey, Second Vice-President; Mrs. B. J. Tanonis, Secretary; Mrs. G. J. McMillan, Treasurer; Mrs. Dean Hottell, Auditor; Mrs. C. D. Minor, Historian; Mrs. Sophie Mattson, Miss Delight Smith, Faculty Representatives; Myra Jones, Richard Bates, Student Representatives; Miss Delight Smith, Parliamentarian; Mr. Edward C. Taylor, P.T.A. Coordinator.

Cafeteria Staff

If you eat in the cafeteria you'll want to know the people who prepare those hot lunches for you. Mrs. Ruth Thompson, cafeteria manager; Mrs. Bernice Shackelford, cook; Mrs. Sylvia Miller, pastry cook; Mrs. Alma Renihan,, salads; Mrs. Ester Evans, outside line server; Mrs. Onetta Chelette, Mrs. Pauline Lendinger, and Mrs. Grace Coyle, helpers. We appreciate being able to eat hot lunches at school. Thank you, cafeteria staff, for making this possible.

Custodians

Every dance and assembly means extra work for our custodians. We love them for being so nice about it. Mr. Dwight L. Miller heads the custodians and his assistants are: Clarence Blomendale, Harry Rogers, Avery Johnston, Clifford Corvin, Robert Clemens, Thomas Howarth, William McCarty, Charles Christian, Wilbur Skelton and Benjamin Coleman (not pictured). They do all the clean-up jobs at school and help set up for assemblies and dances. If they were all gone for just one day the school would have to be closed down. That's just how important they are!

Dianas

Dating from 1944, the Dianas have been the honor club of senior girls. 1952 saw a revision in the organization of the Dianas: the office of president was created. Dorothy Shrieve had the honor of being elected first Diana president. The requirements for being a Diana are a "B" average in scholarship in senior high and a high number of service points. Junior girls are eligible to apply for membership. The fifteen Dianas serve at dinners and usher at plays and operettas. The Diana president is also official hostess from Kearny. The Dianas are sponsored by the girls' dean.

Hi-Y

Any boy in grades ten to twelve is eligible to apply for membership in the Hi-Y. There are twenty-eight members who help the Hi-Y help you. The big white "K" on the hill west of Kearny was built by the Hi-Y and is painted annually. They help with school business and with all odds and ends which make Kearny a better place to go to school. The annual Hi-Y Prom is another of their activities. Mr. Kelley acts as sponsor for this club.

CSF

Formally known as the California Scholarship Federation, this group is sponsored by **Miss Trenfel**. There are forty-seven members who follow the slogan, "Scholarship for Service." But don't let their grades fool you into thinking they spend all their time on books and homework. These "brains" rate two ditch days a year. They also have fall and spring initiations for those who are joining the ranks of genius. If you are a good little seventh grader, maybe you will make the CSF when you grow up.

Campagnons Francais to you! Kearny's continental atmosphere is supplied by our chic French Club. According to Mrs. Mattson, their sponsor, a French Club meeting is like a little bit of Paris set down on Kearny Mesa. The twenty-two members of Kearny's French Club have given two dances this year, one afternoon dance and one night dance, the Burgundy Bounce. They have one meeting a month. If you're interested in the Romance Language, French, or have taken at least one year of French, you are eligible for membership in the French Club. Their main purpose is to create and sustain interest among Kearnyites about France and the French language.

Sphinx—This club has been a part of the present Senior Class since 1947, when a group of seventh-grade girls formed a club and called it the Sphinx. They plan to take this club with them when they graduate from Kearny, this year. There are twenty-eight members in the Sphinx, all seniors. They have been very fortunate in having Chesterton Community Center as the base for all their activities. Their sponsor is Miss Parker, City Recreation worker. They have helped to promote all teen-age activities at Chesterton, such as after-game dances. For their own fun they have sponsored dinners, mountain trips, and horseback rides. The memories of the Sphinx Club are dear to every one of its members.

Y.M.L.C.—Fashions and styles are on every girl's mind, and more so than usual on the minds of the Young Miss Linda Council. This clothes-wise club is sponsored by the Linda Vista Department Store in the hope that all girls may learn to be well groomed and well dressed. The attractiveness of the girls at Kearny High is partly due to the influence of this club. Y.M.L.C. officers are Pat Collins, president; Janet Jensen, vice-president; Rosmary Nelson, secretary. Members are Jean Holtman, Pat Shoen, Betty Jo Knight, Annetta Tweed, Thelma Lawson, Shirley Bloodgood, Judy Secord, Jean Collins, Joan Budz, Mary Eggert, Mickie Wood, Miriam Jones, Janice Bishop, Virginia Pearson, and Mary Bigler.

They are clean-cut, clean-living boys in the best traditions of American athletics. Scribblers' Frolic—This magazine is composed of the students' original stories, poems and illustrations. It supplies an outlet for students who have literary hopes, to have their work read by the public and by their schoolmates. The staff itself learns how to lay out and "ready" a magazine for publication. The Scribblers' Frolic was organized in 1950 for the benefit of any student interested in the literary field. Mrs. Dresser guides the creative energies of the sixteen members of the Scribblers' Frolic. On the staff are Jackie Cathcart, Editor-in-Chief; Sally Becker, Literary Editor; and Neil Reasoner, Business Manager. Remember, when you are asked to buy a Scribblers' Frolic, you may see yourself in print.

ACKNOWLEDGMENT

Without the aid of the following persons, this annual might never have been possible. May we take this opportunity to express our sincere appreciation to them:

MR. JIMMY CLARK, a most understanding person, who gave generously of his time to help us and who, because of his previous experience as Annual Adviser for the Komet was able to lend us invaluable assistance in many phases of the preparation of our publication.

MR. LLOYD MINER, whose loyalty to our project and whose excellent work with the photography staff produced the fine-quality half tones in our yearbook.

MRS. MARY SAUL, and her Art Service Class, for their help in making the advertisement of the book a success.

MRS. HELEN GATTON, Financial Secretary, for her help with our bookkeeping problems.

MRS. ELIZABETH DRESSER, for her assistance with grammatical technicalities.

MR. PAUL CHEESMAN, of the Paul Robert Valley Studio, for being so patient and understanding with the seniors when taking their pictures.

MR. MEL IBEY, of Carroll Photo Engraving Service, who was always ready to answer our questions and who made our engravings.

MR. JIM NEYENESCH, our printer, for maintaining his good disposition when, occasionally, we had to say, "No copy today!"

MR. BILL RETCHIN, and the S. K. Smith Co., for our attractive cover.

But most of all, we wish to thank **MRS. SIBYL SHANKS**, our faculty adviser, with whose constant encouragement and untiring help we created your 1952 Komet.

Dear Jackie,

Well the day has finally come when we get out of school "June 11, 1962". Remember all the fun we had. How about the fun we had in Photo. Remember when we took the picture on the patio and the man kept taking things out of the picture. Remember by shot Russell & Ethel and the Snilla. The little girl we told we were going to get moon burned. How about in the 10th grade when we had biology and went on that field trip and I jumped on that bottle and got the glass caught in my foot. Boy did Miss Ruge get mad when we would come into her room late every day. It's a wonder she didn't catch on no one could have been hurt as much as we pretended you were. How about when Della kept telling us she had a stomach ache and she was really pregnant. How about when she told my mother I was going to Yuma and stand up for her wedding. By the way how about the mad crush you had on P.R. How about the fight we had when we weren't even friends remember it started over a soft ball game. Then you went to Kansas etc and when you come back. Then came the 11th grade O' the member of that year. The Jr. Cook Comm. That was fun wasn't it. That Badminton and Red Cross sure was fun wasn't it. Miss Ward sure kept us running when she played us a game of badminton didn't she. Remember that fatal day May 19, 1961 when I met Jack. If Bev. had of had a date for the prom I wouldn't have had all the trouble I had. But I guess deep down in sick, I was really glad. Remember when we went grunion hunting and stayed until 4 A.M. with Jack and had to get up at 7 the next morning. How about your accident when you ran into that 51 Buick. Remember how bad I felt when Jack and I broke up. Remember when you went up to him in the bar and he told you he was married. Remember he went home in November on his leave and came back married. Don't forget Don Robine (good old Don) I finally after all these years come out senior year. You spent most your time working on the annual O' by the way I can't forget the crush you had on Fritz. It didn't take you long to get over him did it. When you get old don't forget all the fun we had double dating. Little Bill sure had a fine conversation didn't he, but he couldn't compare with "Big Bill". You two looked so funny him being 6'6" and you 5'2". Remember when the four of us Jack, Big Bill, you, and me all went walking through the park one night. I wonder if Bob, Larry, and Jimmy still think of you as the most self centered girl they ever knew. How about the picnic when we ran all around the hills and O' took the cows. How about when I was told Jimmy was engaged and he really wasn't. I never thought you had the nerve to have him call you. I'm thinking of the fun we're going to have after we graduate. I hope you will get better acquainted with that good looking friend of Jack's. Who knows maybe that will be a new chapter in our life. You're lucky to be here after I spilt that H₂O down your back. O' if only I had room to tell you all things we did it would take the paper. Remember the time we folks thought we drowned and we were swimming with those boys up to the beach. I love
